Author: Bandy X. Lee, M.D., M.Div., Organizer of Yale's "Duty to Warn" Conference
Authors argue that the President's mental health was affecting the mental health of the people of the United States and that he places the country at grave risk of involving it in a war, and of undermining democracy itself due to his dangerous pathology. The Dangerous Case of Donald Trump is a 2017 book edited by Bandy X. Lee, a forensic psychiatrist, containing essays from 27 psychiatrists, psychologists, and other mental health professionals describing the "clear and present danger" that US President Donald Trump's mental health poses to the "nation and individual well being".

In the most famous episode from Cervantes' novel Don Quixote, the protagonist mistakes windmills (US City) for giants (US People) and charges at them with his lance (ICE), only to be knocked off his horse (Trials 2028) when the lance breaks against a sail. His squire, Sancho Panza,(Democrats) tries to tell him they are merely windmills, but Don Quixote, convinced of sorcery by an evil enchanter (Putin), insists that the windmills were, in fact, giants.

The Emperors New Clothings

By H C Andersen

Many years ago there was an Emperor so exceedingly fond of new clothes that he spent all his money on being well dressed. He cared nothing about reviewing his soldiers, going to the theatre, or going for a ride in his carriage, except to show off his new clothes.

"But he hasn't got anything on," a little child said.

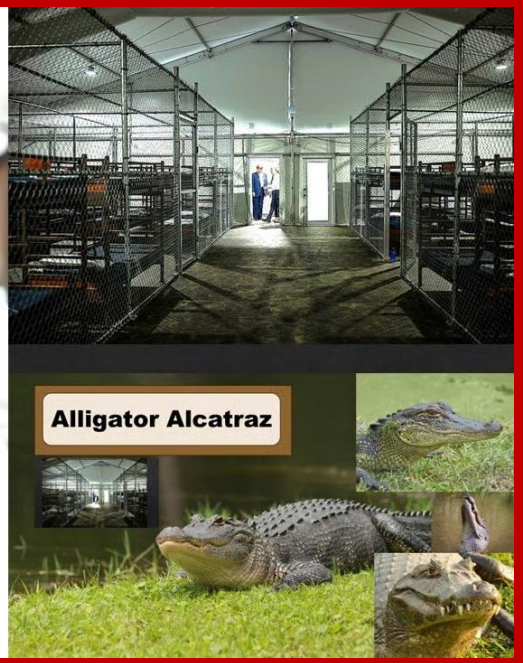
HISTORY
FROM 1933 TO 1945
2025
THE AMERICAN ADOLF HITLER DONALD TRUMP
HOW COULD IT GO SO WRONG?
History repeats itself. It usually only takes 70 to 100 years, and grandchildren and great-grandchildren are at risk of making almost the same mistakes as their older relatives. In Germany in 1923, Adolf Hitler and his criminal gang of Nazis tried to seize power in the Weimar Republic of Germany. It was historically repeated in the United States in 2021. Donald Trump single-handedly created a stir remotely and, like the Nazis, manipulated the sufficiently uncritical. The people certainly have a core of people who believe what a charismatic leader says. They have already made up their minds before he has even spoken. Adolf Hitler and Donald Trump came from completely different backgrounds. Adolf from a home where his father abused him every week and his mother comforted Adolf and convinced him that he was destined for something great in the future.



Donald Trump loves to play Dictator

Boycott Los Angeles Olympic Games 2028

Immigrants not welcome
Boycott the 2028 Los Angeles Olympics. The similarity to the 1936 Berlin Olympics is clear. Adolf Hitler wanted PR for Nazism and strangely enough got it. Strangely enough, the USA was transformed from a Democracy into a dubious one during the Donald Trump Era. The treatment of the population in the USA has similarities to the actions of the Nazi regime from 1933 to 1945. Camps have been created and legal security cannot be guaranteed to visitors. Do not give the Authoritarian USA an advertising space.

To outdo the 1932 Los Angeles Games, Chancellor Adolf Hitler had a new 100,000-seat track and field stadium built, as well as six gymnasiums and other smaller arenas. The Games were the first to be televised, with radio broadcasts reaching 41 countries.

Filmmaker Leni Riefenstahl was commissioned by the German Olympic Committee to film the Games for $7 million. Her film, titled Olympia, pioneered many of the techniques now common in the filming of sports.

WANTS TO BE A DICTATOR

Preparing for a Dictatorship?

2025 → 2028

First sign: Attack the free word and media

I hate CNN.

CNN

Donald trump has shown his disgust for the media he doesn't like. He makes himself funny about the free word and the press. Some journalists have become harassed, purely verbal.

In Germany, cheap radios were manufactured so that the people could listen to the right message

In Nazi Germany (1933-1945) propaganda was used, among other things, to spread anti-Semitism (Judaism) and to emphasize the perfection of Nazism and Adolf Hitler. ... propaganda in order to convince the population that the regime's thoughts and ideas are the only right.

Show power hold mass meetings

Donald Trump likes mass meetings. Glorious message of its own importance.
Create a strong group of loyal voters.
Riots (6 January 2021 Washington and four people killed) On CNN Trump named as a Sociopat.

When Joseph Goebbels stops at the desk on November day 1925 and picks up his pen, he is almost euphoric after his first meeting with Adolf Hitler.

"That man has everything it takes to be king," Goebbels writes enthusiastically in his diary, in which he also describes Hitler's "big blue eyes," which sparkle "like stars."

How could it go so wrong?

Hitler came to power in 1933 and after a short time Germany was transformed into a dictatorship. In 1932 Hitler received 33.1% of the votes in a democratic election. But the SA troops had influenced the election with their threats, where they were seen in their brown uniforms.

Donald Trump won the 2014 election but received 2.8 million fewer votes than Hillary Clinton. The election was rigged with the help of Russia. Trump was already a Russian agent since 1987 by the name of Krasnov. Russia managed to get him elected.

How could it go so wrong?

Hitler learned to come to power through democratic elections and then he got power over the army and the police. He then invented a crisis, when he easily burned down the government building in Berlin and found a guilty communist. This required new laws that were invented and which meant that Germany's democracy was replaced with a dictatorship.

Donald Trump almost completely followed Adolf Hitler's methods of taking power
